

An essay competition, in view of World energy conservation day (14th Dec) opens for any bonafied degree college students of Tripura

Theme of Essay: **Energy Conservation in Domestic Sector**

Maximum word limit: 2000

The aim of this competition is to promote comprehensive writing among the students studying in bachelor degree in different degree colleges of Tripura. Essay writing is becoming a forgotten art and skill today in the age of MCQs. Writing makes one perfect, essay writing more so, and hence the competition offers a challenge and an opportunity for students in this regard.

This is an individual contest, in which the entry (write-up) is limited to maximum eight A4 size papers, typed in 11-point Times New Roman fonts and line spacing 1.5. All entries in the competition will be subject to online plagiarism test. Hand written and/or scanned submission will be rejected. Only one entry per participant may be submitted in PDF format .A forwarding letter involving information regarding participant's contact mail address and phone number from respective college Principal/HOD is needed and its scan copy is to be submitted along with submitted essay on or before **20th February, 2020** in any one of the following mail address:

1.mihir_tu@yahoo.co.in

2.mr.suvadip@gmail.com

For any further query please contact

- i) Dr. Mihir Pal (Convenor, Science Forum, Ramthakur College), 9436186554
- ii) Dr. Suvadip Paul (Member, Science Forum, Ramthakur College), 9862124412

The essays will be evaluated by experts, and the final results will be sent to participants in their mail. Prizes to the winners will be awarded during the program of Science forum, Ramthakur College and will be intimated later.
