

## 3<sup>rd</sup> Student Project Programme

Initiative of

### Tripura State Council for Science & Technology

The Tripura State Council for Science & Technology is going to organise the 3<sup>rd</sup> Student Project programme for the students of the Institutes of Higher & Technical Education of Tripura. The rules and regulations of the programme are as follows:

#### Rules and Regulations

##### Aims and Objectives:

Student Project Programme (SPP) aims to motivate/encourage and to provide opportunity to the Post-Graduate, Under-Graduate/Diploma Students and other categories of students of Higher & Technical Education in Tripura to take up challenges in identification and/or in solution of the problem of the surrounding society with inputs of Science & Technology and/or to work for better utilization of resources with inputs of Science & Technology. The participant students have to carry out a project on a topic in relation to the theme decided for this year. The project should be innovative and activity based, so that the students may develop their ability to solve a societal problem experienced locally using the method of science. The project can make them creative, keen in their observation, ability to raise pertinent questions and predicting solution. This also helps the students how to make field work, to write a scientific report and to present the work.

##### Eligibility Criteria:

The Competition will be in two separate Groups.

**Group - A:** For Under-graduate/Diploma Students and other categories of students of Technical Institutes.

**Group - B:** For Post-Graduate Students

In each group 5 (five) teams from each Institute be allowed to submit abstract and among them from each Institute from each group on screening 2(two) teams be allowed to participate. Each team will comprise of 2(two) students and one among them will be leader.

##### Theme:

The theme for this year is: "Science & Technology for Sustainable Rural Development"

##### Broad Divisions:

- i. Physical Science, Chemical Science, Mathematics & Statistics
- ii. Life Sciences and Health Sciences
- iii. Engineering
- iv. Environmental Science, Earth Sciences, Agricultural & allied Sciences (Fishery & Veterinary Science)

##### Tentative Activity Schedule :

- i. Registration with submission of abstract : 15-01-2020
- ii. Submission of full text : 08-02-2020
- iii. Oral Presentation: Tentatively on 04-03-2020 & 05-03-2020
